

NOAC 2018

Otyokwa Lodge National Order of the Arrow Conference

July 30th – August 4th – Indiana University

NOAC is scouting's second largest national program event. It is similar to the Boy Scout Jamboree, but for OA members only. We stay in university dormitories. Meals are in student dining facilities, so there is plenty of time for fun and activities.

At NOAC you will be able to play Dodge (Lodge) ball, capture the flag and numerous other games. There are ceremony and dance team competitions, OA trading post, and huge patch trading events. The latest in camping and outdoor equipment will be shown off and the Museum of OA and Scouting History is something to see.

NOAC not only has lots of fun opportunities but it is educational too. You will attend classes to improve your leadership skills that you can bring back to your unit and Lodge or learn what it is like to be a Lodge Chief. Other classes include OATR training, Helping Boys in Blue, Webelos to Boy Scout crossover, and conducting Vigil Callout Ceremony and many more.

NOAC is open to all active Arrowmen, but space is limited by the capacity of the university. Register early to ensure your spot on the Otyokwa Lodge Contingent. NOAC only happens every two years. We would love to have you join us.

Included – travel, meals, lodging, NOAC registration, contingent clothing, and patches

Cost – Because final contingent numbers have not been determined it is too early to set a firm price. For budgetary purposes NOAC will not exceed \$1,000. There will be fundraising opportunities and with an eye out for the great deals we should easily be able to reduce this price. Final cost will be determined in February.

Sign up today – By filling out the registration form and sending it along with a \$150 deposit to the scout service center. NOTE: your deposit will not be accepted without the registration form!
